Directions

Here´s how to find the Bosch IoT Campus

Coming from Berlin Tegel Airport (approx. 45 minutes)
- The best way to the Campus is by bus. Please take the bus line 128 Osloer Straße, which is just located in front of the airport (terminal X). Get off the train after 6 stops (10 minutes) at the Kurt-Schumacher-Platz and enter the subway station to use the underground train line U6 Alt-Mariendorf. Stay on this line for about 30 minutes and get off after 21 stops at at Ullsteinstraße. Take the closest exit in direction of traffic and follow the signs to Ullsteinstraße. When you exit the station, you will see the Ullsteinhaus building on your left. You may pass the building and turn left. Walk along the driveway, until you reach the gatehouse to your left and walk through. It´s a five minute walk. Keep right and go up the large open steel staircase to enter the main entrance.
- For a barrier-free access to the Bosch IoT Campus, use the elevator from the ground level inside the building on your left.

**Coming from Berlin Schönefeld Airport (approx. 45 minutes)**
- We are recommending to take the subway line S45 to Südkreuz. Stay on this line for about 20 minutes and get off after 10 stops at Tempelhof. From there, switch to the U6 underground train towards Alt-Mariendorf and get off after 3 stops at Ullsteinstraße. Take the closest exit in direction of traffic and then follow the signs to Ullsteinstraße. Go upstairs to exit the underground station and you will see the Ullsteinhaus building on your left. The entrance to Bosch.IO is located behind that building. Therefore, walk along the driveway until you reach the gatehouse to your left and walk through. It´s a five minute walk. Keep right and go up the large open steel staircase to enter the main entrance.
- For a barrier-free access to the Bosch IoT Campus, use the elevator from the ground level inside the building on your left.

Coming from Berlin Central Station (approx. 30 minutes)
- Take either line S5, S7, or S75 to Friedrichstraße and get off after 1 stop. Switch to the underground train line U6 to Alt-Mariendorf and stay on it for 15 minutes. Get off after 11 stops at Ullsteinstraße. Take the closest exit in direction of traffic and then follow the signs to Ullsteinstraße. Go upstairs to exit the underground station and you will see the Ullsteinhaus building on your left. The entrance to Bosch.IO is located behind that building. Therefore, walk along the driveway until you reach the gatehouse to your left and walk through. It´s a five minute walk. Keep right and go up the large open steel staircase to enter the main entrance.
- For a barrier-free access to the Bosch IoT Campus, use the elevator from the ground level inside the building on your left.

Parking at the Bosch IoT Campus
- Bosch offers free-of-charge parking in our underground parking garage. Please call us upfront to obtain the access permission. We kindly ask you to park in a designated Bosch area only. Take the elevator to the first floor (one story above the ground floor) and you will find the front desk on your right.
